Re: WBMZ (FM), Metter, GA
RadioJones, LLC
Facility Identification Number: 73247
Special Temporary Authority (STA)
BSTA-20160309AAM

Dear Licensee:

This is in reference to the request filed March 9, 2016, on behalf of RadioJones, LLC ("RadioJones"). RadioJones requests Special Temporary Authority for continued operation with emergency facilities erected at the station's licensed site, following the collapse of the station's tower structure.

Section 73.1680 of the Commission's rules provides for operation with emergency antenna facilities following damage to authorized antenna systems, provided that an informal request for continued use of an emergency antenna is filed with the Commission within 24 hours. In particular, Section 73.1680(b)(2) provides that FM and TV stations may erect any suitable radiator, or use operable sections of the authorized antenna(s) as an emergency antenna.

Accordingly, the request for STA IS HEREBY GRANTED. Station WBMZ may continue to operate from its licensed site with the following facilities:

Channel	279 (103.7 MHz)
Effective radiated power:	0.5 kilowatts (H&V)
Antenna height:	
above ground:	36.5 meters
above mean sea level:	105.1 meters
above average terrain:	36.5 meters
Temporary tower height above ground level:	36.5 meters

RadioJones must notify the Commission when licensed operation is restored. RadioJones must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **September 11, 2016.** .

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is written in a cursive, slightly slanted style.

Dale Bickel
Senior Engineer
